Trying to pass the project management exam? Have you taken practice PMP exam's that were nothing like the real project management exam!

That is how I felt when myself was studying for the Project Management Exam. I wasted hours of time trying to find "real" PMP questions. I wanted a study material as close as possible to the real PMP exam. So I created this book for anyone who does not want to waste time and pass the PMP exam the first time!

In this PMP Exam Prep you receive over 400 questions that are challenging and give you the answer that corresponds directly to the page in the PMBOK 5th Guide. Each quiz is based on each of the 10 process groups helping you know what process group you are strong or need more attention to.

After you finish this book, I invite you to go to PMHigherLearning.com where you will find several mock exams that will help you master your skills at project management. These exams are timed and show you what you score in each section, just like the real one. If you go to PM Higher Learning YouTube channel, there are weekly videos posted to help you answer questions or give guidance to those taking the exam.
