## **A Way of Being** Carl Rogers

A Way of Being was written in the early 1980s, near the end of Carl Rogers's career, and serves as a coda to his classic *On Becoming a Person*. More personal and philosophical than his earlier writings, it traces his professional and personal development and ends with a person-centered prophecy, in which he predicts a future changing in the direction of more humaneness. Now, fifteen years later, the psychiatrist and best-selling author Dr. Irvin Yalom revisits *A Way of Being*, offering a contemporary view of this remarkable work.
