The Grumbling Grammarian is back with a revised and expanded edition of *The Dictionary of Disagreeable English*. In this second edition, Robert Hartwell Fiske has added more language blunders, additional witty commentary, and a new feature that includes frequently asked questions about language.

Fiske rails against "lexicographers and ding-a-linguists" who, with their misguided thinking, actually promote the dissolution of the English language. He also illustrates why dictionaries don't always provide the correct meaning or usage of a word. With concise instruction and numerous examples of misused words, Fiske makes it easier than ever to learn from others' mistakes.
