Country Music Hair Erin Duvall

Country music's greatest mullets, bobs, beehives, and bouffants collected together in one entertaining volume, illustrated with dozens of color and black-and-white photographs.

"The higher the hair, the closer to god."

From mullets to mustaches and teased hair to bobs, country singers each have their own distinct looks which enhance their performance and image. Some wear hats and others wear wigs. Some follow the trends and others set them. Some have stylists on the tour bus and others rely on God and hair-spray. As Dolly Parton famously said, "People always ask me how long it takes to do my hair. I don't know, I'm never there."

As country has grown in stature and popularity since the 1960s, country musicians have evolved their music—and their hairstyles and fashion as well. Industry insider Erin Duvall takes fans on a lively tour in this entertaining history that combines interviews with famous hairstylists and fifty of country music stars' best 'dos, including 1990s mullet king, Billy Ray Cyrus.

While business in the front and party in the back may be outdated today, twenty years ago it was one of country's defining styles. In *Country Music Hair*, Duvall tells a tale of the day the mullet died and the rumor of the strong emotional reaction from the "Achy Breaky Heart" singer's young daughter, Miley, who desperately pleaded with him to keep his mane.

A fantastic and fun trip down memory lane, *Country Music Hair* is a must for country listeners and pop culture fans.
