Meditations of a Contemporary Contemplative: Volume 2 Jon M. Campbell

This volume's three independent texts were written during a time of transition in early marriage but I expect that the truths presented will be as veracious next decade, and four more hence translating from this life to eternity, as they are immediately. Whatever unintentional admixture of flawed theology herein will, I pray, deflect from the shield of faith before disrupting the reader's mind.

A word about my writing style might quell the anxious reader's remorse if expecting a great volume of words. There are three reasons I write with brevity.

Economy of time – yours and mine – is priceless in our day and quickness heightens the likelihood of retention.

The genre of contemplative meditation requires not always an entrée but a savory mental morsel for grating, chewing, digesting and nourishing one's spirit.

The goal is transformative, not prescriptive. For this process to come to fullness I cannot draw the conclusions for my readers; honestly, I've no idea what those conclusions would be. That is between a man and his God so I leave much space for pondering, self-examination and the Spirit's revelation.

Rhapsodizing eloquently complicates in the natural what is already indiscernible in the spiritual. Let's cut the blather and keep at least half of this equation simple. Theology by word count is wordy, not necessarily true.
