In artist Charley Harper's *Birducopia*, a wealth of birds, animals, trees, and plants are ingeniously portrayed, creating a complete environment of a woodsy park. Each creature and plant is extracted from the larger painting and silhouetted on the pages of *What's in the Woods?* The accompanying rhyming text by Zoe Burke imagines a walk through the park, identifying the flora and fauna along the way. The journey ends with a foldout page of the complete image, with a key identifying all the animals and plants.
