Featuring shedworkers and shedbuilders from around the world who are leading the alternative workplace revolution, *Shedworking* looks at why having a shed office is a greener way of working, improves the work-life balance, and accelerates one's productivity. Inspired by the author's *Shedworking* website, which has been internationally acclaimed for the groundbreaking scale of its architectural coverage, the book features many previously unpublished images of garden offices and shed-like atmospheres: offices on roofs, sheds inside "traditional" offices, and even sheds on wheels, as well as cutting-edge Le Corbusier-designed models for the back garden, all-glass shed offices, and buildings "built" using living trees. Along the way it offers a whistle-stop tour of famous sheds from Pliny the Younger's summerhouse and the retreats of 19th-century composers Edvard Grieg and Gustav Mahler to award-winning 21st-century fantasy writer Neil Gaiman's gazebo. In short, *Shedworking* offers a manifesto for those wanting to change their working lives for the better and go to work in the garden.
