## **The Book of Wisdom: The Heart of Tibetan Buddhism. Commentaries on Atisha's Seven Points of Mind Training Osho**

Osho is known around the world for his pioneering contribution to meditation — the science of inner transformation — with the unique approach of his "Osho Active Meditations" acknowledging the accelerated pace of the contemporary world and bringing meditation into modern life. Based on the *Seven Points of Mind Training* by the 11th-century Buddhist mystic Atisa, *The Book of Wisdom* removes the dust of tradition that has gathered around meditation, conveying the essential science and methodology of the practice with a freshness and spontaneity that is rarely found in contemporary spiritual works. The book is a guide for inner discipline and transformation that is also highly accessible, incorporating light, often humorous question-and-answer sessions between the author and his audience that help readers make the practical connection between spiritual theory and meditation as a lifestyle.
