Trucks and Diggers (Magnet Books) Felicity Brooks, Matt Durber

This book is a new and innovative title from Usborne. It contains 10 robust magnetic trucks and diggers which can be moved around the busy magnetic roads and tracks shown in each double page, including a building site, docks and a town. The magnetic truck pieces can then be 'parked' back into the safe storage areas at the front and back of the book so they don't get lost. It is colourfully illustrated by Gustavo Manvali. It is a perfect gift for little boys.
