What lurks in Dartmoor?

After his father's death, Finn Darcy returns to his ancestral home to become chief of his werecat clan. The mysterious Druids Lodge lies nestled in the shadows of Dartmoor National Park, where the legendary Beast of Dartmoor, a large panther, roams the woods and moors.

Finn cannot take his place as the head of the clan before he claims his mate, Luke Devlin, the one he marked while when they were children. Feeling he was deceived at the start of their relationship, Luke refuses to accept his fate. He bides his time, determined to escape when the opportunity presents itself, before Finn's jealous and possessive dual nature destroys everything they have left.

But then werecats and their mates start disappearing, and Finn is adamant his mate must be protected at all costs. Events take a grim turn when Finn is abducted and forced to fight for his life. Luke must choose between his chance at freedom or saving Finn."
