This volume provides medical students, as well as physicians, with a comprehensive and convenient instrument for self-assessment and review within the specialty of the behavioural sciences. The titles in the "PreTest: Basic Science" series contain 500 questions designed to parallel the format and degree of difficulty of the questions contained in Step 1 of the United States Medical Licensure Examination (USMLE). Each question is accompanied by an answer, a paragraph-length explanation, and a specific page reference to either a current journal article, a text book or both. A bibliography which lists all sources used follows the last chapter of each title within the series.
