**Caroline is a giver—as an ER nurse, as devoted lover to her partner, Diane, as a divorced mother of two boys, and as the daughter of world-class do-gooders—but can she accept help from others and still be herself?**

When trauma cases in the ER leave Caroline emotionally paralyzed and her relationship with her partner, Diane, breaks down, she knows its time to take a look at her life and do something she'd never imagined: go to therapy. Her therapist, Hannah, knows a thing or two about sacrifice and pain. A former war bride, Hannah may live a seemingly cozy domestic life with her beloved husband and two grown children, but she can't forget her own harrowing past. As she and Caroline work together, each comes to understand and admire the resilient woman sitting before her.

A poignant look at the human need for acceptance, *Other Women* is a thoughtful novel about how a life examined is worth living.

This ebook features an illustrated biography of Lisa Alther, including rare photos from the author's personal collection.
