La educación superior en perspectiva lasallista: Pensamiento lasallista 4 (Spanish Edition) Fabio Orlando Neira, Juan Carlos Rivera

El lasallismo como iniciativa pedagógica hace una apuesta por transformar las condiciones de deshumanización a través de la educación. De ahí la imperiosa necesidad de que las instituciones de educación superior lasallistas (IESL) expresen coherentemente su vocación por la formación integral de los sujetos, con el fin de brindarles bases profesionales sólidas, con profundo sentido humano y ético, para que sean capaces de enfrentar el mundo globalizado con las mejores herramientas y con propuestas innovadoras. Si bien es cierto que esta formación integral compete y ha de afectar a todos los actores de la educación superior, es urgente que se asuma la responsabilidad académica, investigativa y administrativa que ella demanda, en aras de favorecer el dinamismo de esta dimensión, la cual implica asegurar una capacitación permanente de los responsables directos de la formación para que puedan participar con efectividad en esta, así como del cuerpo administrativo y de servicios, con intención de que todos entiendan que se trata de un modo particular de relación del hombre consigo mismo, con los otros, con el mundo, con el conocimiento y con lo Absolutamente Trascendente.
