Earth! It's pretty cool. There's cable, and other stuff. But now that Erica's been all around the universe and discovered that she can do pretty much anything...the transition back to normal life has been kinda challenging. Luckily she's got distractions, like her ghost-dad bugging her about galactic math, her brother trying to screw her out of her inheritance...and villains trying to take over the world. It's enough to make a girl want to adopt 30 or so dogs and cats. Check out a brand new arc of Solar! This issue features bonus content exclusively on comiXology!
