**Franceses no Brasil: séculos XIX-XX (Portuguese Edition)** Laurent Vidal, Tania Regina de Luca

A admiração pela França constituiu um traço marcante das elites brasileiras desde os primórdios da independência, momento em que se tornou urgente dotar o jovem país de uma identidade capaz de lhe assegurar feições próprias. Sob a batuta de um diminuto grupo, concebeu-se e projetou-se uma representação da nação que não pode ser dissociada dos valores e da auto-imagem de seus propugnadores. O livro, organizado no bojo das comemorações do Ano da França no Brasil, pretende reunir estudos que analisam a presença de imigrantes franceses em território brasileiro, temática que ocupa lugar bem menos proeminente que o reservado à influência da cultura francesa.
