Introducción al Constitucionalismo Boliviano y Constitución de 2009: Fundamentos, historia, alcance y novedades (Spanish Edition) Boris Wilson Arias López

La reforma constitucional boliviana que concluyó el año 2009, trae aparejada la introducción de novísimos conceptos como la configuración de un Estado Plurinacional o la relación de igualdad entre la jurisdicción ordinaria y la indígena originaria campesina. El presente trabajo a partir de los conceptos y teorías universales del derecho constitucional y las particularidades históricas de Bolivia desarrolla los nuevos conceptos introducidos por el nuevo texto constitucional de forma que los mismos resulten comprensibles y lógicos al lector en su contexto concreto. Este trabajo sin duda alguna resultará de gran utilidad a los abogados y estudiantes del derecho constitucional y a toda persona interesada en introducirse al estudio del nuevo constitucionalismo boliviano.
