Hebraic Roots: An Introductory Study has been written as a primer for the emerging number of people who are being drawn into a more comprehensive grasp of the ancient roots of our Biblical faith. As a family that has been active in the Messianic movement since 1995, we came to the unanimous conclusion that a book about many of the areas for growth would be beneficial for the many thousands who are being prompted into a fuller and richer pursuit of the God of Abraham, Isaac, and Jacob--and who truly want to live the way that Yeshua the Messiah (Jesus Christ), our Jewish Savior, lived. Have you heard about the Messianic movement? Have you heard about the significance of the Torah for a Believer's walk of faith? Have you been in the Messianic movement for some time? Do you even know why you are in it? Do you need a foundational introduction to the Hebraic Roots of our faith and who Yeshua truly is in His Biblical and historical Hebraic context? Do you want to know more about what God is doing in this hour? If you have ever asked any of these questions, then this workbook will help get you started! This volume examines a number of areas for study and discussion, and will prompt questions for personal reflection or group exchanges in twelve easy lessons. Each chapter has study questions that will enable you to think and examine the Scriptures like never before. If you are unfamiliar with the Messianic movement, some of its basic beliefs and lifestyle practices, and the great potential it offers God's people today--then Hebraic Roots is the book for you!
