**Life in the Third Reich: Daily Life in Nazi Germany, 1933-1945** Paul Roland

*Life in the Third Reich* draws extensively on interviews, letters and diaries from the earliest days of the Nazi Party to the final hours of the thousand-year Reich to reveal how the Hitler cult influenced and corrupted every aspect of life, from education, health, business, the press, the judicial system and the Church to sport, culture, work and the family.

It reveals the stark contrast between the myth of 'One People, One Fuhrer' perpetuated by Nazi propaganda and the harsh realities of life in a dictatorship.

*Life in the Third Reich* challenges the popular view of Nazi Germany as a nation united behind their despotic leader and asks 'What would you have done? Would you have behaved any differently if you had lived in Hitler's Germany?'
