Binding Their Wounds: America's Assault on Its Veterans Robert J. Topmiller, T. Kirby Neill

The victims of US military campaigns are usually nameless civilians in far away places, but there are also victims closer to home - the soldiers so often used and then discarded by the establishment. *Binding Their Wounds* is a book about US veterans written by a US veteran - Bob 'Doc' Topmiller. Topmiller fought in Vietnam, founded a school for orphans there, and became a professor of history before he tragically committed suicide. Close friend and scholar Kirby Neill stepped in to complete the book. The result is a history of US veterans and their treatment by the US establishment from the early republic to the recent wars in Iraq and Afghanistan. *Binding Their Wounds* offers policy recommendations to improve post-conflict treatment and care for veterans which are long overdue.
