Dyslexia and other learning difficulties (The Facts) Mark Selikowitz

Dyslexia and other learning difficulties: The Facts addresses problems many intelligent children face who, while having normal IQ levels, still struggle to learn in the classroom setting. A short attention span, restlessness, an inability to write clearly, and reading comprehension well below age level are all indicators of learning disabilities, and this book offers a clear and sympathetic guide to the difficulties that parents and teachers face when working with a child with these sorts of obstacles to learning.

The book deals with difficulties in traditional academic areas such as reading, spelling, and arithmetic, but also looks into lesser known conditions like clumsiness, social unease, and hyperactivity. Providing practical advice to parents to help understand their children's difficulties and to help them overcome problems and improve their self-esteem, Dyslexia and other learning difficulties: The Facts also offers a number of suggestions for managing difficult behaviour.

This new edition has been fully updated and draws on the most recent research on learning difficulties and some associated disorders and their treatments. It also provides information about electronic and computer aids that are now available to help individuals with learning difficulties. This encouraging approach and easy-to-read style will appeal to parents as well as to professionals who work with children with learning disabilities.

From reader reviews:

Cathrine Hart:

Here thing why this Dyslexia and other learning difficulties (The Facts) are different and trustworthy to be yours. First of all studying a book is good but it really depends in the content of computer which is the content is as scrumptious as food or not. Dyslexia and other learning difficulties (The Facts) giving you information deeper including different ways, you can find any guide out there but there is no book that similar with Dyslexia and other learning difficulties (The Facts). It gives you thrill examining journey, its open up your current eyes about the thing which happened in the world which is perhaps can be happened around you. It is possible to bring everywhere like in area, café, or even in your approach home by train. In case you are having difficulties in bringing the imprinted book maybe the form of Dyslexia and other learning difficulties (The Facts) in e-book can be your alternative.

Allison Walters:

Information is provisions for individuals to get better life, information nowadays can get by anyone with everywhere. The information can be a information or any news even an issue. What people must be consider while those information which is in the former life are hard to be find than now's taking seriously which one would work to believe or which one often the resource are convinced. If you find the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen in you if you take Dyslexia and other learning difficulties (The Facts) as your daily resource information.

Jeffrey Blough:

Spent a free time and energy to be fun activity to try and do! A lot of people spent their sparetime with their family, or all their friends. Usually they accomplishing activity like watching television, likely to beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Do you wish to something different to fill your personal free time/ holiday? May be reading a book may be option to fill your free of charge time/ holiday. The first thing you ask may be what kinds of e-book that you should read. If you want to consider look for book, may be the reserve untitled Dyslexia and other learning difficulties (The Facts) can be great book to read. May be it can be best activity to you.

Ellis Pauling:

Are you kind of stressful person, only have 10 or maybe 15 minute in your time to upgrading your mind proficiency or thinking skill perhaps analytical thinking? Then you are having problem with the book in comparison with can satisfy your small amount of time to read it because all this time you only find publication that need more time to be read. Dyslexia and other learning difficulties (The Facts) can be your answer given it can be read by a person who have those short free time problems.
