Shelter: An Architect's Journey into Sustainability

Wayne Bingham

Shelter: An Architect's Journey into Sustainability Wayne Bingham

After practicing conventional glass, steel, and concrete architecture for more than thirty years, an award-winning architect discovers the concept of sustainable living and embarks on a journey that ends with his own strawbale home at the foot of the Grand Tetons.

A complete source of information for sustainable and off-the-grid construction, *Shelter* explores the principles of sustainable living and then illustrates actual execution of those principles in the author's strawbale home. Both an exploration of sustainability from an architect's point of view as well as a practical reference for home builders, *Shelter* is an indispensable resource to those interested in leaving a smaller foot print on the environment.

Follow the author from the beginning idea through the planning, designing, and constructing to the realities of living in his strawbale dream home.

From reader reviews:

Susan Arnold:

What do you concentrate on book? It is just for students since they're still students or it for all people in the world, the particular best subject for that? Simply you can be answered for that query above. Every person has diverse personality and hobby for each other. Don't to be forced someone or something that they don't need do that. You must know how great as well as important the book *Shelter: An Architect's Journey into Sustainability*. All type of book would you see on many methods. You can look for the internet solutions or other social media.

Barbara Morton:

The feeling that you get from *Shelter: An Architect's Journey into Sustainability* is a more deep you digging the information that hide inside the words the more you get serious about reading it. It does not mean that this book is hard to understand but *Shelter: An Architect's Journey into Sustainability* giving you thrill feeling of reading. The writer conveys their point in a number of way that can be understood by means of anyone who read the idea because the author of this publication is well-known enough. This specific book also makes your own personal vocabulary increase well. That makes it easy to understand then can go along with you, both in printed or e-book style are available. We highly recommend you for having this kind of *Shelter: An Architect's Journey into Sustainability* instantly.

Jean Hogue:

Exactly why? Because this *Shelter: An Architect's Journey into Sustainability* is an unordinary book that the inside of the book waiting for you to snap it but latter it will shock you with the secret the idea inside. Reading this book beside it was fantastic author who write the book in such amazing way makes the content on the inside easier to understand, entertaining way but still convey the meaning completely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of advantages than the other book possess such as help improving your talent and your critical thinking method. So , still want to postpone having that book? If I were being you I will go to the book store hurriedly.

James Scott:

This *Shelter: An Architect's Journey into Sustainability* is great book for you because the content which can be full of information for you who always deal with world and possess to make decision every minute. This specific book reveal it information accurately using great manage word or we can claim no rambling sentences inside. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but tough core information with attractive delivering sentences. Having *Shelter: An Architect's Journey into Sustainability* in your hand like keeping the world in your arm, data in it is not ridiculous one. We can say that no book that offer you world with ten or fifteen second right but this guide already do that. So , this can be good reading book. Heya Mr. and Mrs. stressful do you still

doubt which?
