Captain London Weaver hates the dark season, the time when the skies over Spectrum turn dark and stay that way for months. It's when all the crazies come out, and the humans are at a definite disadvantage. When a new enemy comes out of the dark, London joins forces with his immortal counterpart, Captain Pascal St-Maurice, a vampire who, as far as London is concerned, is a fancy pants with no respect for anything. In Pascal's opinion, London is anal, uptight, and prejudiced against his species. When they're ordered to work together to confront a succubus that doesn't discriminate among victims, Pascal decides to make the best of it. However, that doesn't mean it's going to be easy. Come and visit Spectrum Skies, a place where mortals and immortals have learned to live together in peace...or something like that. CONTENT ADVISORY: This title contains both MM and MMM scenes.
