## **Breaking the Real Axis of Evil: How to Oust the World's Last Dictators by 2025** Mark Palmer

In *Breaking the Real Axis of Evil*, ambassador Mark Palmer has the gumption to argue what diplomats and political leaders dare not speak: that global peace will not be achieved until democracies replace the world's remaining dictatorships. We know that these dictators are at the root of terrorism and war. Under their stony gaze, millions have gone to their deaths, a great tidal wave of refugees has swept across the planet, and nations have been driven into poverty, famine, and despair. Drawing on over 25 years of extensive diplomatic experience, Ambassador Palmer asks us to embrace a bold vision of a world made safe by democracy. This is the story of the last 46 dictators, the strategy and tactics to oust them, and the need to empower the people of every nation to control their own destinies.
