Les guerriers intrépides: Perspectives sur les chefs militaires canadiens (French Edition)

Les guerriers intrépides: Perspectives sur les chefs militaires canadiens (French Edition)

Le commandement et le leadership sont des caractéristiques très personnelles. La façon dont un militaire commande et fait preuve de leadership révèle son caractère et sa personnalité plutôt que de jeter la lumière sur les concepts de commandement et de leadership. Le volume des *Guerriers intrépides : Perspectives sur les chefs militaires canadiens* étudie attentivement certains des meilleurs commandants et leaders militaires du Canada pendant la guerre. Dans leur ensemble, les chapitres du volume permettent de mieux comprendre divers comportements, approches et styles relatifs au commandement et au leadership. De plus, ils appuient la vérité intemporelle selon laquelle le caractère et la présence de leaders courageux sont essentiels pour obtenir des résultats sur le plan militaire, particulièrement en période d'incertitude et de désordre.
