**Seals in Medieval London, 1050-1300: A Catalogue (London Record Society Extra Series)** John McEwan

This richly illustrated volume provides the most complete catalogue to date of all known surviving seals from the city of London and its immediate hinterland for the period from the eve of the Norman Conquest to c.1300. It reproduces and lists private as well as institutional and official seals. Colour images of the seals themselves are accompanied by detailed descriptions, while an extensive index serves as an invaluable tool for the navigation of the complex personal nomenclature of the period.
