Broken down into seven easy chapters that include specific examples of real companies that have been successful (or unsuccessful) in their marketing techniques for this demographic, this handbook gives you the tools to build your business and reach out to this rapidly expanding market. Giving readers simple keys to understanding the people, the culture, and the language that unites this growing segment of the population, *The Power of Business en Español* is a road map for anyone who wants to prepare their business for the language hurdles of the twenty-first century or simply wants to learn more about their new neighbors.
