The World is in my Garden: A Journey of Consciousness is based on a simple premise: the private garden is a metaphor for everything that goes on in the macrocosm, including ecological, social, personal and spiritual issues. The authors work the metaphor of the garden in a rich way. This book show us how to connect what seems like a simple personal act, tending a home garden to larger social issues. They guide us through four garden gates: Ecological Consciousness, Social Consciousness, Personal Consciousness, and Spiritual Consciousness.

Written with passion, warmth and a deep understanding of the worlds of matter and consciousness, the book teaches us how to live in a balanced way with all of life.
