**Tools for Teaching (Jossey-Bass Higher and Adult Education Series)** Barbara Gross Davis

I've read countless books on teaching strategies over the years, and I can't think of one that compares--in depth, breadth, accessibility, and practicality--to this one. Tools for Teaching has much to say to teachers of all ranks, disciplines, and institutions.

--Mary Deane Sorcinelli, director, Center for Teaching, University of Massachusetts, Amherst

A rich compendium of classroom-tested strategies and suggestions designed to improve the teaching practice of beginning, midcareer, and senior faculty members. Forty-nine teaching tools cover both traditional tasks--writing a course syllabus, delivering a lecture--and newer, broader concerns, such as responding to diversity and using technology.
