## **Schizophrenia: Facing reality (Colección Salud) Enrique Huerta**

Some years ago, people suffering from schizophrenia were misunderstood and isolated because of the lack of information about this disorder, after some research, nowadays there are effective treatments against this suffering. What does an schizophrenic feel or what happens to him/her? Imagine you can't distinguish between fiction and reality, that's the main characteristic presented by sick people. Can you identify it? There are unusual behaviors, some more weird than others, what matters is that not just patients but also their families do whatever they can to control this disorder.
